## *Why Study in* **Royal Metropolitan University**

We offer a program approved and accredited by all international medical councils including recognized by WHO and ECFMG. The Royal Metropolitan University isn't just a premier institution for medical and dental education. It's a firm believer in a comprehensive approach to learning. At the Royal Metropolitan University (RMU), we believe that students flourish when presented with both academic challenges and extracurricular opportunities in a nurturing environment. RMU also occupies a leading position in the national university rankings and is represented by students from more than 15 different countries.

# MISSION & VISION

## Mission

To train medical professionals for inter cultural interaction through the integration of scientific knowledge, innovation, and high standards of practice to improve the quality of life.

## Vision

To strive to become a recognized international center for medical education and science, preparing specialists capable of addressing global healthcare challenges through innovation and professionalism.

## Goal

To ensure the preparation of medical specialists with competencies that meet modern health care requirements for effective work in multicultural and innovative environments.

## Policy for Quality Assurance in Education:

The university is committed to maintaining a high level of quality in educational programs by implementing international standards, continuously improving processes, and meeting the needs of all stake holders.

# ACCREDITATION

RMU meet the standards of international program accreditation established by the World Federation of Medical Education (WFME) and national accreditation standards.

RMU is recognized by WHO and listed in the WDOMS that is published by WFME and FAIMER. We also have sponsor notes by ECFMG, which enables our graduates to take the licensing exams of countries like USA, CANADA, UK, AUSTRALIA and EU countries.

# EDUCATIONAL ACTIVITIES

Students at the RMU engage in a variety of educational activities that promote both theoretical knowledge and practical skills. Lectures and seminars provide the foundational understanding of key medical concepts, while laboratory sessions and clinical rotations offer hands on experience with the latest technologies and medical practices. The university's partnerships with leading hospitals and healthcare institutions ensure that students gain real-world experience in patient care and medical research.

## PRACTICAL SKILLS WORKSHOP

RMU students have access to hands-on Practical Skills Workshops where they learn and practice essential medical procedures like suturing, IV insertion, and patient examination under expert supervision. These sessions help build confidence and prepare students for real clinical settings.

## CLINICAL WORKSHOPS AND SEMINARS

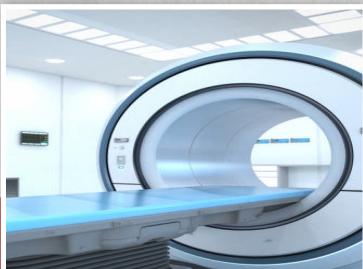

Clinical work is conducted within our own network of university hospitals. These clinics employ advanced technologies, guided by evidence-based medical practices and supported by modern information systems. They offer a wide range of diagnostic capabilities through outpatient diagnostic centers, delivering a full spectrum of healthcare services.

# CLINICAL AND PRACTICAL CLASSES

Students of RMU regularly attend clinical and practical classes at a network of affiliated hospitals. These sessions are designed to bridge the gap between theoretical knowledge and real-world medical practice. Under the guidance of experienced clinicians, students engage in patient care, clinical procedures, and diagnostic processes across various departments.

One of the key affiliated hospitals boasts a state-of-the-art diagnostic imaging centre, equipped with the latest MRI, CT scan, and X-ray technologies. This allows students to gain valuable hands-on experience with cutting-edge medical equipment, enhancing their understanding of modern diagnostic techniques and patient management. The immersive clinical environment ensures that RMU graduates are well-prepared to meet the demands of contemporary medical practice.

## CONFERENCES

The Royal Metropolitan University (RMU) is a premier institution known for its comprehensive approach to medical education. At this esteemed university, educational activities are designed to foster a deep understanding of medical science, hands-on clinical experience, and a commitment to compassionate patient care. Students at the Royal Metropolitan University engage in a variety of educational activities that promote both theoretical knowledge and practical skills. Lectures and seminars provide the foundational understanding of key medical concepts, while laboratory sessions and clinical rotations offer hands-on experience with the latest technologies and medical practices. The university's partnerships with leading hospitals and healthcare institutions ensure that students gain real-world experience in patient care and medical research.

## RMU DIGITAL LIBRARY

Cochrane Software is an international network of researchers, professionals, patients, and caregivers, who aim to provide high-quality, evidence based health information.

The Cochrane Program is available on the computers at RMU, where students can access the latest information about medical research, diagnosis, treatments, and healthcare interventions. Cochrane provides high-quality, evidence-based reviews that helps the users stay updated on the latest and reliable findings in healthcare. This valuable resource supports students in their studies and research by offering trustworthy and up-to-date evidence in the field of healthcare.

The RMU library contains more than 128,000 electronic scientific publications and literature. The general book fund of the Scientific Library is more than 18,000 copies.

- Textbooks, Reference books and Encyclopaedia
- Dissertation abstracts and Periodicals
- Dictionaries and Manual

## CLINICAL AND PRACTICAL CLASSES

At Royal Metropolitan University, clinical and practical classes are a key part of our health sciences programs. These sessions provide students with hands-on experience in real clinical environments, laboratories, and simulation centers. Under expert supervision, students apply theoretical knowledge, develop essential medical skills, and gain confidence in patient care and clinical decision-making. Our goal is to prepare competent, professional graduates ready to meet the demands of modern healthcare.

## HOSTEL OF RMU

Welcome to the Royal Metropolitan University (RMU) where our hostel rooms are designed to offer comfort, convenience, and community for our medical students. Here's what you can expect from our hostel facilities:

### Comfortable Accommodation:

Each room is furnished with comfortable beds, study desks, Almirah (Cupboard), and ample storage to create a home-like environment conducive to relaxation and study.

### Study Space

Dedicated Study areas are available for individual or group study sessions, helping you focus on your course work and collaborate with fellow students.

### Common Areas

Our hostels feature with entertainment options, like TVs, sports Hall, Play Grounds, library, and comfortable seating, providing a space to unwind and socialize. Safety is a top priority, with 24/7 security and controlled access to the hostel premises, allowing you to focus on your studies with peace of mind.

### Laundry Service

On-site laundry facilities are provided, making it easy to manage your personal belongings and stay organized.

# GRADUATES FEEDBACK

**Dr. Pooja Hargyan**

Passed FMGE Exam in India  
Licensed by NMC  
Currently working in India

"Studying at RMU was the best decision I ever made. The university not only helped me become a professional doctor but also shaped me into a valuable member of society."

**Dr. Anushka Patel**

Passed FMGE Exam in India  
Licensed by NMC  
Currently working in India

By choosing RMU i was able to become a globally recognized physician and was to pass FMGE examination and got registered as doctor in the India. Me and my colleagues are now fully participating in different parts of world.

**Dr. Astle Udayakumar**

Passed FMGE Exam in India  
Licensed by NMC  
Currently working in India

Becoming a doctor from an internationally recognized university with the help of Royal Metropolitan University was the best decision that i ever made. RMU Facilitated me in every way and helped me focus on my studies and my profession.

**Dr. Justin James**

A Graduate of RMU  
Received his license to practice in Fiji from the Ministry of Health and Medical Services of Fiji

I always wanted to be a doctor and explore greater opportunities abroad and RMU helped me in that.

**Dr. MD Fuad Hasan**

Passed BM&DC Exam in Bangladesh  
Licensed by BM&DC  
Currently working in Bangladesh

My success in the medical field in Bangladesh is due to everything i learned in Royal Metropolitan University.

**Dr. Ameer Un Nisa Aghna**

Passed PM&DC Exam in Pakistan  
Licensed by PM&DC  
Currently working in Pakistan

Looking back, I can confidently say that my time at Royal Metropolitan University shaped both my personal and professional journey in ways that I will always cherish.

**Dr. Mahmoud Hasballa**

Got License in Egypt  
Working in Kafrelsheikh Hospital in Egypt

My success in the medical field in Egypt is due to everything i learned in RMU. Thank you RMU for making my dream come true.

**Dr. Muhammad Junaïd**

Passed PM&DC Exam in Pakistan  
Licensed by PM&DC  
Currently working in Pakistan

The academic excellence, supportive faculty of RMU and diverse learning environment not only helped me grow intellectually but also prepared me with the confidence and skills to succeed in my career and beyond.

# ADMISSION REQUIREMENTS

Applying for admission to the Royal Metropolitan University is straightforward, with only a few key requirements. The essential documents needed are academic records and a passport.

## Required Documents for Admission:

### STEP 01

An admission letter will be issued within 48 hours after receiving the results from your Intermediate/A-Levels/F.Sc./12th Grade.

### STEP 02

An electronic visa will be provided after receiving a scanned copy of your passport and a white-background photo, along with the visa fee.

### STEP 03

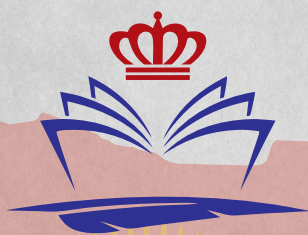

Once you have the visa, you can book your flight to Bishkek, Kyrgyzstan. A university representative will meet you at the airport and assist with the remaining steps, including hostel room allocation, contract signing, and registration.

### Note:

The admission process is simple, and all documents can be submitted digitally. There is no need to visit the embassy, as the visa for Kyrgyzstan is electronic.

# THANK YOU
